

I³ Challenge 2018

Theme:

Well-Being

Whether you are an avid exercise and health fanatic, have a big heart for animals or senior citizens, or want to improve our environment—the “Well-Being” Challenge is for you! This challenge encourages you to invent anything that would improve the well-being or health, happiness, prosperity, or welfare of a person, animal, or your planet. Change your world!

The I³ Challenge is optional. Students may enter any of the five I Cubed Inventions categories and be considered for the I³ Challenge IF their project fits into the 2018 “Well Being Inventions” theme in any manner. The I³ Challenge is a national competition. Students enter on-line at www.icubedusa.org. The winner may be selected from any state. Deadline to enter: June 1, 2018. Winners posted at

www.icubedusa.org
